🌐 linkedin.com/in/guillaume-richard-in

Passionate about IT from an early age and naturally curious, I love exploring and testing new technologies. Building on solid experience, I possess a strong expertise in system and network administration, Cloud management (M365/Workspace), DNS troubleshooting, and end-to-end IT support. On a daily basis, I deploy and manage complex IT infrastructures while developing custom automation tools.

</> SKILLS

Systems & Networks

Windows Server (AD, MDT, WDS, DNS, DHCP, RDP), Linux. **Network:** LAN/WLAN, Stormshield, VPN, FTP/SFTP.
